SECTION SF 30 BLOCK 14 CONTINUATION PAGE

SUMMARY OF CHANGES

a. This amendment is issued to answer the following questions raised in regards to the solicitation.

1. Q: Is the contractor required to have a staff person on site during all of these hours [operational hours as listed in PWS], or only when specific courses and or drop-in hours are being taught?

A: Although the PWS specifies operational hours, it is the intent of the Government that the cyber-camps be held during those operational hours, not that the contractor have a staff person on-site during the hours.

2. Q: If all hours, what will be the contractor's responsibility when the children are in school?

A: See response to question # 1 of this amendment. Contractor will be responsible for meeting the specifications within the PWS, it is not the Government's intent to advise the contractor as to their responsibility during the performance work hours.

3. Q: Is it up to the contractor to determine the optimum hours for lab usage and staff accordingly and present this plan in the contractor's proposal?

A: Lab monitoring is not required for this acquisition or subsequent contract.

c. This amendment does **not** change the solicitation response date of September 8, 2006, 2:00 p.m.
